

Safety Data Sheet

1. Identification

Product Name: CLENA COTE
Synonyms: Unknown
CAS Number: Mixture
Product Use: Laundry Aid
Manufacturer: CLENACORP
Address: imported by
Filterfab Pty Ltd
16 leanne Crescent
Lawnton QLD
4501

General Information: 07 32053844
Transportation Emergency Number: +61419977721

2. Hazards Identification

GHS Classification:

Health	Environmental	Physical
Acute Toxicity - Category 5(inhalation), Category 5(oral/dermal) Eye Corrosion - Category 4 Skin Corrosion – None Skin Sensitization - None Mutagenicity - None Carcenogenicity - None Reproductive/Development - None Target Organ Toxicity (Repeated) - None	Aquatic Toxicity - Low	None

GHS Label:**Symbols:** None**Hazard Statements****Caution:**

If inhaled: None—no volatility

For skin and eyes: Hazardous when hot For

allergic skin reaction: None

Does not cause Lung Cancer Does

not cause Birth Defects Does not

cause Genetic Defects Not Toxic to

Aquatic Life

Precautionary Statements

Do not eat, drink, or use tobacco when using this product.

Keep container tightly closed

Keep away from heat and

open flame Wear protective

gloves and eye/face

protection

Use in a well ventilated area.

Store in tightly closed container in

cool/well ventilated place.

Wash thoroughly after handling

Risk Codes: None

Additional Information Full text of R and S phrases in section 15**GHS Labeling Symbols****Signal Word** Caution**Hazard Statements**

H302 Harmful if Swallowed

Precautionary Statements

P264 Wash skin thoroughly after handling

P280 Wear protective gloves/eye protection/face protection

P302 + P352 IF ON SKIN: Wash with plenty of soap and water

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

3. Composition / Information on Ingredients

Component	CAS Number	Weight %
Liquid Microcrystalline Wax		40-78%
Laundry Oil	None	10-40%
Anti-Static Compound	None	0-02%
	None	

4. First Aid Measures

Eye: Flush with water for at least 15 minutes or until irritation ceases. If irritation persists, consult a doctor.

Skin: Wash skin thoroughly with soap and water for at least 15 minutes. Prolonged contact by sensitive individuals can cause drying. WHEN MOLTEN ONLY (molten product can cause thermal burns) - Cool with water or ice

Inhalation: None

Ingestion: No emergency care anticipated. Drink two glasses of water and consult a physician if ingested.

5. Fire Fighting Measures

Suitable Extinguishing Media: Water, Alcohol Foam, Carbon Dioxide, or Dry Chemical

Fire Fighting Procedures: Use normal firefighting equipment. Do not direct stream into burning molten material; this may cause spattering and spread the fire. Use water to cool containers. Product may float on water if spilled. Firefighters must be equipped to prevent breathing of vapours or products of combustion. Wear an approved self-contained breathing apparatus and protective clothing.

Unusual Fire and Explosion Hazards: None known.

Combustion Products: Carbon Monoxide, and Carbon Dioxide

6: Accidental Release Measures

- This product is somewhat soluble in water and will float on the surface.
- When Molten: Allow liquid to solidify then shovel into containers for disposal.
- Do Not Dispose of liquefied Petroleum Jelly down drains or in sanitary sewer. It will plug them up.
- This product is slippery! Be careful when cleaning spills.

Personal Protection for Emergency Situations:

Evacuate the area of all unnecessary personnel.

Spill Mitigation Procedures

Air Release: Not applicable

Water Release: This material is somewhat soluble in water, and it floats. If not contaminated with other chemicals, this can be disposed of in a sanitary landfill. Do not wash large quantities down drains or they can plug.

Land Release: Normal housekeeping procedure: Sweep or vacuum up materials and dispose of in a sanitary landfill.

Additional Spill Information:

Utilise emergency response personal protection equipment (PPE) prior to the start of any response. Evacuate all non-essential personnel. Dispose of spill residues per guidelines under Disposal Considerations.

7. Handling and Storage

Handling: Use spatula, scoop or other methods to remove paste from buckets. Close lids or the product may yellow or harden like wax.

WHEN MOLTEN -- Exercise suitable practices to avoid thermal burns.

Storage: Store product in original containers. Keep containers closed. Store in cool, well-ventilated areas. Keep away from oxidisers.

8. Exposure Controls / Personal Protection

Exposure limits:

Component 1:	Liquid Microcrystalline Wax	None
Component 2:	Laundry Oil	None
Component 1:	Anti-Static Compound	None

Personal Protective Equipment (PPE):

Eye Protection: Molten product can cause thermal burns. Wear eye protection to prevent eye contact.

Skin Protection: WHEN MOLTEN ONLY: (molten product can cause thermal burns)

Respiratory Protection: Use in well-ventilated area. Product has no vapor pressure.

9. Physical and Chemical Properties

Flashpoint:	Very High	Auto ignition Temperature:	unknown
Boiling Point:	310°C	Melting Point:	30-60°C
Vapor Pressure:	none	Vapor Density:	>1
% Solubility:	none	Pour Point:	unknown

Molecular Formula: not applicable
Odor and Appearance: Thick Jelly-Like Paste, Light Yellow

Lower Explosive Limit (LEL): Unknown **Upper Explosive Limit (UEL):** unknown

Specific Gravity:	0.84	% Volatile	None
Evaporation Rate:	Negligible	Viscosity	45/55 SUS @36°C
Octanol/Water Partition:	not applicable	pH	not applicable
Molecular Weight:	applicable unknown		

10. Stability and Reactivity

Stability/Incompatibility: Product is stable. Hazardous Polymerisation will not occur. Avoid Strong Oxidising Agents.

Hazardous Reactions: None

11. Toxicological Information

Signs and Symptoms of overexposure:

Acute Effects: None

Eye Contact: May cause eye irritation

Skin Contact: May cause drying

Inhalation: None

Ingestion: May cause gastro-intestinal discomfort.

Target Organ Effects: May cause gastro-intestinal discomfort.

Chronic Effects: None known.

Medical Conditions Aggravated: None

Acute Toxicity:

Oral LD50 (rat)	>2000 mg/kg	
Dermal LD50 (rabbit)	>2000 mg/kg	
	>20 mg/l	
Inhalation LC50 (rat)	4 hour	8 hour
IDLH		

12. Ecological Information

Ecotoxicological information:

LC50 Daphnea water flea	unknown
LC50 Fathead Minnow	unknown

Bioaccumulation/Biodegradability: Bioaccumulation is not expected to be significant.
This product is readily biodegradable.

13. Disposal Considerations

As sold, this product is non hazardous and can be disposed of safely in any Sanitary Landfill.

COMPLY WITH, STATE, AND LOCAL REGULATIONS

14. Transport Information

U.S. Department of Transportation (DOT)

Proper Shipping Name: Not Regulated

Hazard Class: none

UN/NA Number: None

Packing Group: None

Labels Required: None

International Maritime Organization (IMDG)

Proper Shipping Name: Not Regulated

Hazard Class: None

UN/NA Number: None

Packing Group: None

Labels Required: None

15. Regulatory Information

U.S. Federal Regulations

CERCLA: There is no designated reportable quantity (RQ) for this chemical. If appropriate, immediately report spills to the National Response Center (800/424-8802) as required by federal law. Also contact appropriate state and local regulatory agencies.

Toxic Substances Control Act (TSCA): All components of this product are included on the TSCA inventory

Clean Water Act (CWA): No known components in this product are hazardous substances under the Clean Water Act. Consult Federal, State and local regulations for specific requirements.

CAA (CAA): No known components in this product are hazardous substances under the Clean Air Act. Consult Federal, State and local regulations for specific requirements.

SARA

Immediate:	No
Delayed:	No
Fire:	No
Pressure:	No
Reactivity:	No

This product contains the following toxic Chemicals:

Component	CAS number	Maximum
NONE	NONE	NONE

International Regulations

Canadian Environmental Protection Act: NONE

Canadian Workplace Hazardous Materials Info Systems WHMIS

Class: None

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations.

EU Classification of Existing Chemicals (EINECS): None

EU Classification: F None H None T None N None

EU Risk and Safety Phrases: Hazard Statements

Risk Statements

S02 Keep out of the reach of children

S24, 25 Avoid contact with skin and eyes

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S36/37/39 Wear suitable clothing, gloves and eye/face protection

16. Other Information

Revision Indicator: New SDS Date 12/11/19
